Projects

Portfolio - https://benjaminlefebvre.dev
- Use **EJS** templating to simplify the code into smaller components.
- Use **NodeJS** to control server requests. For instance, for the "Contact Me" section, **Nodemailer** is used to send visitors' email requests.
- Use **Google Domain** and **Firebase** (Host and Function) to host the portfolio and control the back end.

Blog - https://benjaminlefebvre.dev/blog
- Use **EJS** templating to simplify the code into smaller components.
- Use **MongoDB** Atlas for the database allowing the storage of all posts for the blog.

Work Experiences

Server/Bartender   Feb 2022 - Current
Planta Queen, Toronto, ON

Server/Bartender   May 2021 - Feb 2022
Venice MTL, Montreal, QC

Bilingual Fraud/Collection Officer   Dec 2019 - May 2021
RBC, Montreal, QC

Hospitality Specialist   Apr 2016 - May 2018
Nordik Spa-Nature, Chelsea, QC
